The President's Report

By Tom Moerke

HI, GANG:

For the first time in years I went to the Auto Show. I went on the 12th because it was the only day it was open all day and also because it was geezer day thus a ticket only cost 4 bucks. The first thing you notice is the beautiful light grey carpet over the entire enormous floor. It didn't seem to have any seams and looked perfectly clean. And this was the 5th day of the show!

Where do I go first ? I just started walking thru this huge display of SUV's, massive pickups, conversion vans, and pricey German sedans. I did find two Mazda Miata's, one at \$21k and the other with a folding steel top at \$26k. They looked awfully good. There were 2 Corvettes with big signs indicating they were only \$49k each. The Viper was priced at \$90k! So the Corvettes were cheap, right. I saw a Saturn Sky at 39 big ones, apparently because it has a custom grill and some sort of fancy doors, which you were asked not to open. Ouch! I did see the Dodge Demon which was surrounded by ropes. I was interested because the car mags had hinted it would go on the market at \$15,000. It looked good, competitive with the Pontiac Solstice or the Saturn Sky. The salesperson there didn't seem very excited over it, but I would be at 15thou. By now it was lunch time and I was hungry and thirsty and my feet hurt. You could buy a diet coke for \$3.75 or hot dog for \$4.00 and they had beer for sale at an unknown price. But where does one sit? The few chairs available were mostly taken by old people. I bought a small diet coke for \$2.75 and planned to buy lunch on the way home.

I remembered a sign by the entrance saying sports cars and antique cars were on the 2nd floor. The first thing you see are vendors selling car wax, model cars, roofing, etc. etc. The good looking sales lady assured me I would win 100 thousand dollars worth of any home improvements I would choose if I merely filled out a card. I did. I kept walking and looking for Randy Byboth's Austin-Healey Sprite. It was in an unmarked side room in the SCCA display with a Corvette. The antique cars were in another unmarked side room and it was filled with really nice cars and one motorcycle; an HD 45 in full military dress just like it was in 1943. This included brown leather saddle bags and brown leather scabbards for a Thompson SubMachineGun and it was finished in the most drab olive drab I have ever seen. I was in the brown shoe army in the 50's, but by then the peace time army had started to shine up the OD. When I was 20, I briefly owned an HD 45. It was a terrible bike. Now they are worth big bucks.

I guess going to the Auto Show is a good thing if you are looking to buy a new car. But for me it only made me look forward to the Intermarque Car Show even more.

Please don't forget our Spring Drive on May 3rd. It will start at Birkmose Park in Hudson overlooking the St. Croix at 1.00 PM and will end at a locally famous restaurant east of Stillwater. Oh, it's on May 3. The temp will be in the 70's with a light breeze and the grass will be green. Full details in the next Healey Enthusiast.

For those of you who didn't make the March PIE. Something special happened. And it may happen again. Cindy O'Brien brought a pie. She handed it to me and Mike Martin stopped me from taking it home and my wife June was able to divide it into 28 pieces so everyone got a piece.

See you at April PIE on the 2nd

PIE REPORT

By Rod Richert

Wow! What a great turn out for the March 5th President's Informal Meeting. 30 anxious (for spring?) motorists braved unseasonably cold weather to witness Tom Hazen's Matchbox car speed event (see results elsewhere in this edition) that followed the following:

Jim Klein reports a healthy \$12,000 in the treasury with \$1,800 yet to be sent to national.

Copies of directions to Jeff Lumbard's March 15th tech session were distributed.

Tom Moerke reminded all of March's upcoming events and introduced guests Tim Byboth and Mark Brandow

Jim Kriz requires a \$5 surcharge for now late membership dues (excepting new members).

Curt Carlson sold an A-Series engine text for the Paul Weidner Memorial Fund.

And Gary Ronning solicited orders for a pending regalia order.

Attending: Wayne Soderbeck and guest Jim Crowley (Jim arrived after Tom's introduction of guests), Carl and Betty Stine, Steve Rixen, Kim Kiser, Ron Corazzo, Aaron Courteau, Jeff Lumbard, Jack Stein, Mike Martin, Darrell Pearson, Tom and June Moerke, Dale Martin, Cindy and guest Tim Byboth, Brian Walsh, Greg Lauser, Jim Kriz, Tom Hazen, Gary and Barb Ronning, guest Mark Brandow, Andy Lindberg, Curt Carlson, John Snyder and Spook Johns.

TECH SESSION at Jeff Lumbard Workshop

by Rod Richert

On Saturday, March 15th, MAHC members and guests saw and heard the best of Jeff Lumbard's steel fabrication experience. Jeff says that his restoration planning involves balancing time required vs. cost. It's sometimes best to buy a reproduction part instead of investing hours or days refurbishing the original. Steel seat bases were given as an example.

Skill in welding is a key. Toll Gas & Welding Supply offer classroom and hands-on classes at 3005 Niagara Lane, Plymouth, MN 55447. Contact Thea Bunde at (763)551-5308 or email: thea@tollgas.com.

Jeff buys his sheet metal stock from the unheated storage bins at Garelick Steel. It's self-serve, but Dan Powell agrees with Jeff that a little kindness toward the young workers there will reap benefits.

A few tips: Have a variety of grinders of different grits ready to save time.

Wear PPD's--eye protection and respirator.

For templates, Jeff tapes together file folders.

All the wiser: Wayne Soderbeck, Tom Moerke, Chuck Norton, Don Heath, Ron Corazzo, Herb Miller, Dan Powell, Mike Martin, Randy Byboth, Larry Nimmerfroh, Rod Richert, Dave Lee and guests Dennis and Paul Karlstad.

Congratulations Randy

Healey club member Randy Byboth's car was featured in the vintage racer section of The 2008 Twin Cities Auto Show at the Minneapolis Convention Center. The car is a 1962 Austin Healey Sprite MKII in full race prep. It boasts 110hp out of a performance enhanced 1275CC engine that originally didn't make 50hp in stock configuration. Randy has made MANY performance enhancements to the drivetrain as well as the suspension.IX

ADOPT-A-HIGHWAY SPRING PICK-UP

We'll meet at 9 a.m. Saturday, April 19 in the parking lot of Veteran's Highway Park along U.S. 61 on the north end of Lake City, double back to the Villa Maria turn park to pick-up our allotted stretch of road and then take a tour back north to King's Restaurant in Miesville for lunch. If enough folks participate, we should be on the tour to Meisville no later than 11:15-11:30 a.m. See you Saturday, April 19!

The VP REPORT by Rod Richert

Barb Ronning says that the Mathew's know how to pick their days for the wine and cheese party--"It always seems to be sunny!" Two dozen club members and guests looked out over the snowy slopes of Theodore Wirth Park and sampled over a dozen wines, many more cheeses and a variety of savoy goodies including Curt Carlson's marinated garlic cloves. Photo albums of Mike and Gloria Lynch's South American trip, Barb and Gary Ronning's days in Mazatlan and polished aluminum components of Dick Mathew's latest Jaguar masterpiece shared the table with Curt's printout of the State of Minnesota's collector plate regulations. In attendance and not already mentioned: Tom and June Moerke, Steve Rixen and Kim Kiser, Rich and Liz Stadther. Chuck and Jean Norton, Mike Martin, Jan Huston, Wayne Soderbeck, Larry Nimmerfroh, Sherry Wilkening, Jim and Rose Klein, Ron Corazzo, Mark and Lisa Swan, Lisa Mathews and Darrell Pearson.

Rendezvous '08 in Pinawa, Manitoba is about 1/4 full with Tom and June Moerke being the 24th confirmed reservation. Reservation and room questions are being fielded by Ann Blonski at (204)883-2215 or annmark@mts.net or general Rendezvous questions by Graeme Lowden at (204)757-7043 or lowden@highspeedcrow.ca

Concerns were voiced about border ID requirements upon return to the U.S. and Canadian computer searches of visitor's driving histories. As of January 31, 2008, the U.S. Customs and Border Patrol website states that the transition to the Western Hemisphere Travel Initiative Secure Document Implementation will occur no earlier than June 1st 2009. Single document (passport) or dual document (driver's license and birth certificate) identification suffice. But stay tuned and check periodically at <www.cbp.gov.travel.state.gov> Also check KNOW BEFORE YOU GO at that same site for product regulations and restrictions.

Rumors of decades old DUI convictions resulting in denial of entry into Canada will be explore in next month's V.P. report.

Correction: In the first paragraph of the March V.P. report, the '62 Chevy Bel Air is painted a '75 BMW red.

If you are not present and registered by 9:00am, you will NOT drive the course!

Turn quickly through the orange cones of the autocross, then straighten 'er out for the 1/2 mile taxiway top speed run. Our state-of-the-art and precisely calibrated stopwatch/walkie-talkie system will measure your time on the course, and a radar gun will capture your top speed.

Drivers must be 18+, sign waiver, pass on-site tech inspection, wear helmet (Bring a Snell 85 or newer - we'll have some loaners)

CORNER WORKERS NEEDED! Want to get close to the action but not drive? Like to wave flags and blow whistles? Free treats and lunch provided to all-day volunteers, so call Tom now to reserve your coveted place among the cones.

Directions: The simple route is 94 East into Wisconsin, take the Baldwin Hwy 63 exit, turn left heading north on Hwy 63 which eventually becomes Hwy 46. For a more scenic drive, from the northeast corner of 694, take Hwy 36 East into downtown Stillwater, turn right and take the old draw-bridge over the St. Croix into Wisconsin, following Hwy 64 East. Stay on 64 past Somerset and through New Richmond, then turn left onto Hwy 46 North. The airport is on your left before you get to Amery, WI.

Despite all precautions taken, this event remains dangerous and may result in property damage, serious injury, or death. Drivers, spectators, and workers enter at their own risk.

This 3 BR 3 Bath 2400 square foot easy access Home was built in late 1999 on 3.3 ± acres in Hudson Township. Zoning as Rural-Residential means the land is as flexible as the open floor plans of the house and shop. The location a few miles outside the city of Hudson gives you the quality and feel of the country and access to the best benefits of the Cities.

Built as a retirement home, there are no steps required to access the house or shop. The floor plan lends itself to flexibility through a 600 SF 'bonus' portion of the house being utilized as an entertainment area, an office, a studio, guest suite or in-law's apartment.

Features include multi-zoned in-floor natural gas hot water heat, whole house heat-exchange Van-E ventilation system and central air conditioning, central vacuum, easy access laundry, birch built-ins, living area vaulted ceilings, large, open kitchen areas with external exit high capacity stove fans, natural finish ceiling height birch cabinets and generous birch front pantry, Fiber-Optic cable TV service to house and shop and RJ-45 8 wire computer hub connectivity is provided throughout the house and shop.

There are 3 generous attached garage spaces attached to the house, a double which is fully insulated and equipped with a heater as well as a direct entry bathroom for use as a mud / clean-up room, and a large separate single garage accessed through the bonus living area.

Meadow and wild flowers cover much of the generous lot which has an insulated garden shed equipped with its own deck and adjacent garden and planting areas.

Bring your hobbies or business to the 40 X 72 foot with 10' walls (40 X 48 insulated and heated) shop which has an 8 foot door double garage door, 2 post automotive lift, (12' raised ceiling area) 6 HP air compressor, 220 V electrical service, office area, cabinets and shelves.

House has its own well and septic system. Koi pond, (no Koi or other fish), fire pit and enclosed patio currently exist.

Optional, negotiable items may include all appliances, washer and dryer, some furniture, recently purchased 23 HP, 46 inch deck Husquvarna lawn tractor, Dodge ¾ ton pick-up with new 88 inch snow plow, hand and power tools and, possibly, a British Car project of your choice, (limited to those on hand).

Why am I selling? It was our dream home and I am alone here now, working, traveling for weeks at a time and can't justify my rattling around in all this space when I am here, trying to keep up with the snow, the grass, the yard work.

It should be your dream home. Let's talk.
